Rapid Bay Primary School

Goals	Targets	Challenge of Practice	Success Criteria
<p>To retain and increase the number of students achieving HB and increase the number of students achieving SEA in Numeracy</p>	<p>2022: Year 2 – 4/6 students achieve SEA in PATR Year 3 – 3/5 students achieve SEA in NAPLAN reading Year 4 – 4/5 students achieve SEA in PATR Year 5- 5/8 student achieves HB in NAPLAN Reading, 4/9 achieve HB Year 6 – 4/4students achieve SEA in PATR Year 7 – 1/1 student achieves HB in NAPLAN Reading</p>	<p>If we aim for a mastery base classroom that uses regular criteria base formative assessment, use a whole school reference text to design teaching mathematics conceptually using content and proficiencies together and use assessment to build on existing knowledge and understanding then we will retain and increase the number of students achieving HB and increase the number of students achieving SEA in Numeracy.</p>	<p>We will see Rec students trusting the count by the end of their first year of schooling. We will see students understanding place value by the end of Year 2. We will see students by the end of Yr4 thinking multiplicatively. By the end of YR6 we will see students demonstrating understanding of partitioning. We will see students make choices, interpret, model, and investigate problems and communicate solutions effectively. We will see students being able to explain their mathematical thinking, justify strategies used and discuss conclusions reached</p>
	<p>2023: Year 2 – 3/5 students achieve SEA in PATM Year 3 – 4/5 students achieve SEA in NAPLAN Numeracy Year 4 – 5/8 students achieve SEA in PATM Year 5- 4/4 student achieves SEA in NAPLAN Numeracy Year 6 – 1/1 students achieve SEA in PATM Year 7- 5/5 students achieve SEA in NAPLAN Numeracy</p>		
	<p>2024: Year 2 – 4/6 students achieve SEA in PATR Year 3 – 3/5 students achieve SEA in NAPLAN reading Year 4 – 4/5 students achieve SEA in PATR Year 5- 5/8 student achieves HB in NAPLAN Reading, 4/9 achieve HB Year 6 – 4/4students achieve SEA in PATR Year 7 – 1/1 student achieves HB in NAPLAN Reading</p>		

<p>To retain and increase the number of students achieving HB and increase the number of students achieving SEA in Reading.</p>	<p>2022: Year 2 – 4/5 students achieve SEA in PATR Year 3 - 5/8 students achieve SEA in NAPLAN reading, 3/9 students achieve HB Year 4 – 4/4 students achieve SEA in PATR Year 5- 1/1 student achieves HB in NAPLAN Reading Year 6 – 5/5 students achieve SEA in PATR Year 7 – 7/9 students achieve SEA in NAPLAN Reading</p>	<p>If we explicitly teach comprehension strategies applicable to particular text types and strengthen individual student reading goals, we will retain and increase the number of students achieving HB and increase the number of students achieving SEA in Reading.</p>	<p>We will see students in Reception use comprehension strategies to understand and discuss age-appropriate texts listened to, viewed, and read independently. We will see Year 2 students use comprehension strategies when listening, viewing, and reading to build literal and inferred meaning and begin to analyse texts by drawing on growing knowledge of context, language, and visual features, and print and multimodal text structures. We will see students in Year 4 use comprehension strategies when listening, viewing, and reading to build literal and inferred meaning, to expand content knowledge, to integrate and link ideas, and to understand texts. We will see students in Year 6 use comprehension strategies when listening, viewing, and reading to analyse and interpret information and ideas, comparing content from a variety of sources including media and digital texts.</p>
